for TSRT*

B.D.D.
REC'D - 5 FEB 1991

NOTE TO: Mr B D Bramley

Environmental Issues Update. TSRT

As discussed, please find enclosed an update of the legislative and other pressures on environmental issues. There is unlikely to be any major new development until the European draft directive on packaging appears later this Spring.

If you need any further background on these issues, please speak to David Bacon in my absence.
