Note to the Chairman

INTER-COMPANY TRANSFERS

In addition to the summary note to the TSRT which is enclosed, it would be helpful if you could read the full summary of the meeting in preparation for the TSRT. These notes have been circulated to the Heads of Personnel who will, in turn, be briefing their own Chief Executives.

In particular you may wish to be aware of the issue of remuneration and benefits. A more detailed proposal has been prepared by Keith Owen which is currently being discussed with Don Pattenden. Once agreed for BATCo we propose to circulate this among other Groups for comments.
