Note to Messrs. E. A. A. Bruell
 W. J. Dickson
 R. A. Crichton
 R. S. Hartley
 P. J. C. Hazel
 D. G. Heywood
 A. C. Johnston

The accompanying note by T. G. Mitchell is largely self-explanatory. Mr. Dickson has agreed the need for centralising information on Group products in this way and that this system should be seen to have the support of the Territorial Director.

I would be grateful for any comments; following your replies, I will ask T. G. Mitchell to prepare a package including a covering letter for you to sign. I assume at this stage that the G.N. will be the recipient in all cases and that all territories would be involved.
