4th July, 1968.

NOTE FOR MEMBERS OF THE CHAIRMAN'S MEETING.

SMOKING & HEALTH

There is a meeting of the Executive Committee of T.R.C. on Thursday next, 7th July. I attach copies of documents submitted to T.R.C. by Imperial, setting out their views on a possible approach to the Minister of Health.

As will be seen from these documents, the arguments put to them at my meeting in Bristol last Thursday have been of no avail.

Before attending the meeting on Thursday I would like to know whether it is the Company's wish that I should continue to press our view that at the first meeting with the Minister, when the Harrogate Report is disclosed, the industry should not volunteer the fact that it can now produce an acceptable cigarette with a substantial reduction of total condensate.
