RESEARCH AND DEVELOPMENT ESTABLISHMENT

TO Sir Charles Ellis, <u>MILBANK.</u>	FROM Dr. I. W. Hughes
REF IWH/BP/	DATE 25th July, 1963. <i>Recd 26/7/63</i>

Dear Sir Charles,

f *75*

Thank you for your letter of the 16th containing the draft note for the patent agents. I have now drawn together the various sections of information and enclose them for your consideration. I have not filled in the 'gaps' in the draft in case there are some queries you may wish to raise.

I trust the information will be of some use and I must emphasise that my write-up for the smouldering wrapper and for Figure 2 is certainly armchair. I apologise for the delay in sending them to you and can only plead a lot of other work building up.

Yours sincerely,

I. W. Hughes
