RE: Special Project for Southampton

Dear Dan:

Here is London's reply of 28th April to the points made in yours of March 13th.

Because of the importance and complexity of this matter, it is suggested that you might best telephone Sir Charles to clear up the remaining points. It may be that he will then think it best that you go to London to assure that this important application is packaged in the best possible fashion. There are, of course, a number of other matters which could usefully be discussed at the same time, and certainly it would be well for you to meet Jensen.

Sincerely,

JNR:er
