6 July 1983

CREDIBILITY

I have rewritten the Credibility Report and attach copy of my new draft. For ready reference I also attach a copy of the document that I had previously prepared.

You will see that items 1, 3, 4 and 6 of the previous draft remain virtually unchanged. In item 2 I have added two points. Item 7 is the same in the first half but the recommendations have been somewhat amended. Main changes occur under item 5, 'The Analysis of Current and Possible Activities'.

I hope you will find this document useful for your discussions on 26/27 July 1983. As you know, I shall not be there but I have been in close touch with Brian Simpson and Antonietta Corti about the document, and Michael Leach will represent me at the meeting.

With kind regards,

yours sincerely,

R L O ELY
