**BATCo document for Province of British Columbia 29 October 1999**

**EUCHEM Conference on  
CHEMICAL AND BIOLOGICAL ASPECTS ON NICOTINE**

The conference is sponsored by the Swedish National Committee for Chemistry of the Royal Swedish Academy of Sciences and by the Committee of EUCHEM conferences.

**Time and Locality**

The conference will start in the evening of Sunday June 10th and continue until noon or later on Thursday June 14th, 1990. It will be held at Hotel Snäck, a modern conference center on Gotland, 5 km from the mediaeval city Visby and 25 minutes by air from the Stockholm -Arianda airport.

**Preliminary Program**

Nicotine is a substance of considerable interest since it is regularly consumed by millions of people worldwide. Many disciplines are involved in its study, which makes it attractive to try to bring scientists from all of these disciplines together to a small meeting, i.e. a Eucchem conference. It is the aim of this conference to achieve a cross-fertilising effect and to reach a better understanding of the entire area of nicotine as well as formulating some new research vistas.

The scientific discussions will concern biosynthesis, biodegradation, stereochemistry, pharmacokinetics, toxicity, neuropharmacology, receptor mechanisms, and endocrinic effects.

There will be invited lectures as well as contributed papers, both in the form of shorter oral presentations and posters. Time will also be allotted to topics brought up by participants at the meeting.

The following scientists have accepted invitations to lecture:

Please send the form to:

Dr Gudrun Lennartson  
The Swedish National Committee for Chemistry  
Wallingatan 26 B  
S-111 24 Stockholm  
SWEDEN

Please send information also to the following person(s) who might be interested in the conference:

300535937

David Balfour	Dept. of Pharmacology, University Medical School, Dundee, Scotland, UK
Neal Benowitz	San Francisco General Hospital, San Francisco, USA
Margareta Curvall	Research Department, Swedish Tobacco Co, Stockholm, Sweden
Kjell Fuxe	Dept. of Histology, Karolinska Institute, Stockholm, Sweden
Stephen Hecht	American Health Foundation, New York, USA
John Gorrod	Dept of Pharmacy, Kings College, Univ. of London, UK,
Edward Leete	Chemistry Dept, Kolthoff and Smith Halls, Minneapolis, USA
Edward Lloyd	Pharmaceutical Chemistry, Victorian College of Pharmacy Ltd, Victoria, Australia
Agneta Nordberg	Dept of Pharmacology, BMC, Uppsala Univ., Uppsala, Sweden
Francis Roe	19 Marryat Rd, Wimbledon Common, London, UK
David Warburton	Dept of Psychology, Reading Univ., Reading, UK

**Language/Abstracts**

English will be the official language of the Conference. Adhering to the Eucchem rules, the proceedings of the conference will not be published, but the participants will receive abstracts of lectures and short communications at the beginning of the meeting.

**Financing**

The Conference fee will be SEK 1000,- (approx. US\$ 150). The cost of accommodation with full board for the period of the conference amounts to approximately SEK 5000,-.

300535938

**Further information**

A second circular with the final registration form and further details will be distributed in the middle of January 1990.

To receive this, please complete and return the enclosed form as soon as possible and preferably not later than *December 10, 1989* to :

Dr Gudrun Lennartson  
The Swedish National Committee for Chemistry  
Wallingatan 26 B  
S-111 24 Stockholm, Sweden  
Phone (46)-08-115280

***Please note,***

that the deadline for the final registration will be March 15, 1990

that participation will be limited to approx. 100 people

that abstracts of short communications, not exceeding one type-written page, will be requested before May 1, 1990

that the organizers would be much obliged if you would convey information about this Conference to your colleagues and ask those interested to write to the Conference Secretary at the address given above

Stockholm in June 1989
