Dear Bob,

I enclose Copy No.4 of our Report No. RD.1751 Restricted
by Graham Read.

In this report we outline our view on the current state of
the art in the area of carcinogenesis and carcinogenicity testing.
Please let me know if you would like any additional copies.

As background interest, I also enclose a copy of a note
written by Richard Binns in July, in which he considers the
somewhat different needs of the tobacco industry when compared
with those of the chemical industry.

With kind regards,

Yours sincerely,
