STRICTLY PRIVATE & CONFIDENTIAL.

Note for Mr. Wright.

SYNTHOS - ARGENTINA.

Re your note of the 20th May.

I recommend that a note is written to the Argentine suggesting that Synthos is omitted from the blend which will be used for Prestigio (Negros) and Prestigio (Rubios); say that you imagine they know the reason for this suggestion, but should they be in any doubt, we advise that they take advantage of Mr. Slack's forthcoming visit to discuss the matter with him.
