With reference to Item (2) I.T. Co. Flavours Wright has checked the quantities of SYNTHOS quoted and finds slight corrections necessary. The precise figures are .0176% and .039%. He also mentions with regard to I.T. Co. flavours that other items besides "Cut Golden Bar" flavour are "Bulwark Cut Plug" flavour and "Player's" flavour used for "Medium", "De Luxe", "Gold Leaf" and "No Name". I have included these amendments in the enclosed slip which can be pinned to page 2 of the memorandum.
