Dear Tom,

Thank you very much for your letter dated 11th October.

The position with regard to obtaining benzo(a)pyrene-C14 does not appear too bright. If you are sure that it will not conflict with your own requirements, we would be very pleased to accept your extremely kind offer to supply us from your own stock.

Your suggested arrangement for Peter Nicholl is perfectly in order, and we should be very grateful if you could give the material to him when he is with you later this month.

Once again, very many thanks.

Yours sincerely,

RT
