MONTREAL,
Canada.

My dear Keith,

I have now been able reasonably to finalise my movements when I come over to the United States and Canada.

I shall be arriving by air from Scranton, Pennsylvania, on Monday 29th November, and I shall advise you later of the exact plane time of arrival. I should hope to be with you from the 30th of November onwards. Tuesday and Wednesday, 30th November and 1st December I should like very much to spend with Mr. MacArthur discussing my problems. The Thursday and Friday I presume that you and Laporte and Evers and I might have a preview of the conference which is due to start with Wade and Tucker as well on research and development. I am also presuming that I shall be able to leave Montreal either on the 18th or 19th December by air for New York, where I will pick up Mrs. Schreiber and fly home one or other of those days to England.

Could you therefore please book me a single room and bathroom at the Ritz Hotel from p.m. Monday 29th November, until the 17th or 18th December.

If any of these suggestions do not fit in with plans or ideas of yours I shall be only too willing to alter them. I shall be in Louisville on the morning of the 18th November until the morning of the 26th November. We are actually crossing

over by the "Queen Mary" to New York, leaving here on the 11th November and due in New York on the 16th.

I also have to thank you for your letter of the 7th September, in which you say that it will be possible to alter Dr. Evers' itinerary so that he can be in Montreal on the 2nd and 3rd December.

With kindest regards and all good wishes.

Yours sincerely,
