MONTREAL Q, CANADA.

My dear Keith,

In the very tentative programme for Evers visits and journeys in your country which we sent to you and which you were going to re-arrange to suit your convenience, the date for his return to Montreal in December was the 3rd., a Friday. The Conference is to start Monday 6th. I hope to arrive in Montreal from the States on the evening of the 29th November, and to be at St. Antoine Street on the 30th.

Evers and I will have quite a deal to talk about and prepare before the Conference, so if it suits you, do you think he could arrive a couple of days earlier to give the 2nd. and 3rd. clear for those talks. It is not imperative, but it would be of assistance.

There is time enough, but I felt that if I wrote to you early it might save work and re-planning.

I hope to let you have my own itinerary within a short time.

With kindest regards,

Yours sincerely,

c.c. to Dr. H.H. Evers, C/o Brown & Williamson, Louisville.
