My dear Terry,

Thank you for your letter of 14th July. I am pleased to hear that you will be joining Tucker, Laporte and myself for our final discussions at Montreal. Your wide knowledge and experience of the B-A.T. organisation will be most useful in framing the joint recommendations.

I note that you will also be spending a week or two in Louisville immediately beforehand, in which case Wade and Tucker will no doubt inform you of our deliberations there.

Mr. Ridley had a talk with me on Friday morning in connection with your visit and other matters. I mentioned that you and I would like to discuss things before my departure and he fully agreed with the idea. With his approval I am arranging the following programme:

Monday & Tuesday, 26th/27th July	Southampton
Wednesday & Thursday, 28th/29th July	Ministry of Agriculture & Fisheries (Infestation Control Division), Tolworth, Surbiton.
	D.S.I.R. Pest Infestation Station, Slough.
	Cooper, McDougall & Robertson, Berkhamsted.
Friday, 30th July	Head Office

Thank you for drawing my attention to the report on "The Organisation of Applied Research in Europe, United States and Canada" compiled by O.E.E.C. I would certainly

like to read this but will see if I can obtain the three volumes on loan from the Liverpool Technical Library before asking you to purchase them.

The meeting of the Society of Chemical Industry during the past week has been most successful and also gave me the opportunity of having talks with former colleagues and many friends in other industries.

With kindest regards,

Yours,

*Doc.*

P.S. Thank you for your telephone message today confirming the arrangements for next week, and also for booking accommodation in London for the nights of 25th, 27th-29th, and at Southampton on 26th. I am glad to learn that Friday, 30th, is convenient to you. E.
