Dear Eian,

Following our phone conversation of last week, we have been discussing which samples to send you for testing. If, as you mentioned on the phone, you can only test 3 different cigarette samples we would prefer not to include the Player's Check. The 3 samples we would like tested are as follows:

	<u>SAMPLE 1</u>	<u>SAMPLE 2</u>	<u>SAMPLE 3</u>
Blend	V-09 Flue-cured Lamina	V-09	V-09
Treatment	None	Complete treatment (protein & polyphenol reduce)	Completely extracted
TPM	23.0	18.4	
PMWNF	17.4	14.0	
Nicotine	2.49	1.67	
Puff No.	10.0	9.4

- 2 -

We haven't measured smoke deliveries for Sample 3, but we expect tar to be at least as high as Sample 1. The samples will be ready to ship within about 2 weeks (by which time we should have smoke data on Sample 3).

If you can manage 4 samples, we would like to include Player's Check.

Regards,

Andrew Porter
