My dear Bill,

Your passage back to Canada was, I hope, a more pleasant relaxation to your strenuous tour of the U.K. and Continent.

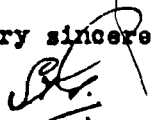

I know you enjoyed your first visit to us and I can only repeat how pleased ~~his~~ and I were to see you looking so well.

Enclosed are the five completed photos you selected of our Development Halls and I hope they convey the necessary, but if there is any further information or queries we will be only too happy to hear again from you.

Frankipile and now excavations are proceeding rapidly since your departure and the fine, dry weather we are still having is a boon to all concerned.

Hope you found your family well and please convey our kind regards to all at St. Antoine Street.

Yours very sincerely,

Enclosures.
