10th November, 1969.

Mr. R.S. Wada,
Imperial Tobacco Company Limited,
P.O. Box 6500,
MONTREAL, P.Q. CANADA.

Dear Bob,

I am now in a position to offer you the comments of our Biochemical Group on the points put forward by Mike Nishet regarding the metabolic roles of non-toxins in smoke, sent to us under cover of your letter of September 29th, 1969.

I have reproduced these in toto and without modification. I hope they are of some value to Mike Nishet and yourself.

Kind regards,

Yours sincerely,

WJ
