Dear Bob,

To confirm our recent telephone conversation: I will arrive in Montreal late in the evening of October 1, and will take my own way to Chateau Versailles.

During my visit I would like to bring you up to date with 211, 215 and the inhalation filter comparison study. I mentioned that I have been given the task of carrying out an appraisal of expanded tobacco. Any input you may be able to give into this area would be useful.

I look forward to seeing you.

Kind regards.

Yours sincerely,
