Dear Stuart:

Pursuant to your request, Mick asked me to send the attached final draft of B&W's "Warning Notice Guidelines" for cigarette package labels. We would appreciate hearing any comments you may have.

The guidelines deal only with warning notices. The printing of "tar" and nicotine numbers on the package label is a new issue for us and we plan to deal with the subject in a separate statement.

I enjoyed being with you in New York and trust you returned to find England as jolly as ever, and as old.

Cordially,

Dendrick
