CONFIDENTIAL

DEC 17 1984 17th December, 1984

Dear Member,

Leaf Committee (L.C. No. 384)

## Canada

As members will see from the following telex which I have sent to Mr. Berry Murray, TAC has said that if the Ontario Board want to have a meeting it should be in the week commencing 4th March:

"Reference your telex about meeting in UK, TAC members feel that meeting would be more productive nearer the end of your selling season and suggest week of 4th March. Therefore holding morning of Thursday 7th March available for formal meeting. If you agree I should be pleased to seek other appointments for you on hearing your proposals."

Enclosed are some remarks made by Mr. Murray in a speech to tobacco growers in North Carolina on 9th November (TF2126).

Yours sincerely,

H.B. Grice  
Executive Director
