Dear Mr Harrison

555's - British Columbia

As you are aware, BATUKE is considering the relaunch of 555's in British Columbia and I have been carrying out some preliminary research.

One of our considerations has naturally been the method of importation and distribution. Through Richard Ward, I am given to understand that your company would wish to take a direct responsibility should we wish to proceed. I would be grateful to learn, therefore, what are the terms and conditions you expect from such a project.

I look forward to hearing from you in the near future.

Yours sincerely
