Mr. R.S. Wade,
P.O. Box 6500,
MONTREAL, P.Q.,
Canada, H3C 3L6

Dear Bob,

Thank you for your notes on the analysis of air samples which will provide a useful background to GR&DC.

As a result of recent changes here in Southampton I do not expect this topic to be pursued in the new Research Programme. Stewart Massey is visiting us shortly and I will give him my views on any future progress.

With kind regards,

Yours sincerely,

k

D.E. CONWAY
