NOTE 2 8676 is a compounded item which could be accentuated further
by additions of either 8675 and/or 8677.

I trust these submissions can form the basis for your preliminary
development effort with respect to the flavour input to the projects
discussed during the visit to GR&DC, Southampton. If we can be of any
further assistance, please don't hesitate to contact us. In due course
I look forward to the comments resulting from your own evaluation of
these materials.

With kind regards,
