## First DataBank Patient Education Monograph Changes

Currently, two patient education monographs are available on PharmaNet: the **Education Long** monograph written and provided by First DataBank and the **Education ASHP** monograph written by the American Society of Health System Pharmacists. This information is returned in the TDR Drug Request transaction.

Effective **April 4, 2002**, the Education ASHP monograph (information type EDUCASHP), will no longer be available through PharmaNet. If the Education ASHP monograph is requested, the TDR transaction will be successful, but the message "NO ASHP PATIENT MONOGRAPH AVAILABLE" will be returned in the monograph text. PharmaNet will continue to provide Education Long monographs provided by First DataBank (information type EDUCLONG).

If you have questions regarding these changes, please contact Melva Peters at the College of Pharmacists of BC by telephone at (604) 733-2440 or 1-800-491-6333, or by e-mail to [mpeters@collegepharmacists.bc.ca](mailto:mpeters@collegepharmacists.bc.ca).
